1983/84 SEED EXPORTS REACH A RECORD \$328 MILLION

SUMMARY

Exports of U.S. seeds for planting totaled a record \$328 million in 1983/84, 8 percent above the previous July-June marketing year. Increases in value were experienced by all types of seeds except forage, corn and seeds not reported separately. The total quantity of exports of seeds increased 10 percent to 268,452 metric tons for the year. Continued strength of the U.S. dollar as well as non-tariff barriers in several important markets restricted further export growth.

Total forage seed exports declined 11 percent in volume to 47,742 metric tons, and 6 percent in value to \$63.7 million. Shipments to Canada and Japan, the largest markets for U.S. forage seeds, totaled \$12.6 million and \$9.2 million, down 3 percent and 5 percent, respectively. Shipments to Mexico rebounded this year to 3,882 metric tons valued at \$6.1 million. Shipments to the European Community (EC) slid 21 percent to \$14.4 million for the past marketing year. Sales to Saudi Arabia increased almost a third to \$4.1 million while shipments of forage seeds to Australia were steady at \$4.0 million in value.

Certified alfalfa seed was the highest value forage seed export item, reaching \$14.7 million. Major destinations for certified alfalfa seed shipments were Mexico, Canada and Saudi Arabia. Clover seed exports declined 15 percent to 2,861 metric tons valued at \$7.3 million. Canada, Italy and Japan were major markets for clover seeds. Bent grass and Kentucky bluegrass seed exports declined 22 percent to 1,853 metric tons and 37 percent to 4,585 metric tons, respectively. Fescue seed exports totaled 5,120 metric tons, 19 percent under the previous marketing year. Ryegrass seed exports declined 8 percent to 13,175 metric tons with a value of \$8.7 million. Sudan grass seed exports increased 55 percent to 2,871 metric tons valued at \$2.3 million. Major sudan grass seed markets were South Africa, France and Saudi Arabia.

Total vegetable seed exports rose 19 percent to \$126.0 million, 38 percent of total U.S. seed exports for the marketing year. Major markets were Japan, Mexico, Iraq and Canada with shipments to these countries totaling \$22.9 million, \$13.4 million, \$11.7 million and \$10.1 million, respectively. Exports to the EC declined 3 percent to \$30.1 million. Largest individual kinds exported were sweet corn and radish seeds, \$12.1 million each, and bean and pea seeds with \$10.7 million and \$10.6 million, respectively. Japan was the principal radish seed market with shipments totaling \$10.9 million, 91 percent of total radish seed exports. Exports of all vegetable seeds increased over the previous marketing year except bean, onion and pea seeds which declined 7 percent, 24 percent and 6 percent, respectively.

Flower seed exports continued an upward trend, totaling \$7.5 million in value, an increase of 41 percent for the July 1983-June 1984 marketing year. The principal markets were France, the United Kingdom and Canada with shipments totaling \$1.3 million, \$1.2 million and \$1.0 million respectively. These markets received 46 percent of total U.S. flower seed shipments.

Corn seed exports declined 8 percent in value to \$58.2 million, but totaled 43,043 metric tons, an increase of 18 percent in volume for the marketing year. Exports to Mexico totaled 20,290 metric tons, or 47 percent of total corn seed shipments. Exports to the EC dropped sharply to 7,946 metric tons, 53 percent below a year ago. Shipments to Italy slipped 50 percent to 5,138 metric tons. Exports to Saudi Arabia and Jordan were very active, totaling 3,591 metric tons and 3,255 metric tons, respectively.

Grain sorghum seed exports increased 5 percent to 38,205 metric tons valued at \$31.8 million. Mexico was the largest market, totaling 21,148 metric tons, 55 percent of total U.S. grain sorghum seed shipments. Exports to Venezuela increased 45 percent to 4,605 metric tons. South Africa and Japan were also large markets for U.S. sorghum seed during the last marketing year.

Soybean seed exports rebounded during the last year, totaling 42,609 metric tons, an increase of 89 percent, with a total value of \$16.0 million. Mexico, the largest market, was very active with shipments increasing 183 percent to 29,972 metric tons valued at \$10.3 million for the year. Shipments to Japan more than doubled, totaling 2,643 metric tons. Turkey, Korea and Italy were also important markets, taking 2,554 tons, 2,294 tons and 2,208 tons, respectively, for the year.

Sugar beet seed exports were steady, increasing 7 percent to 2,048 metric tons valued at \$4.1 million. Sweden continued as the major market with shipments totaling 1,584 tons. Other markets included Denmark and Canada with shipments of 288 tons and 96 tons, respectively.

Over half (55 percent) of U.S. seed exports on a value basis went to five markets -- Mexico, Japan, Canada, Italy and the Netherlands. Shipments to Mexico, the largest market, increased 57 percent to \$72.7 million, reflecting an improvement in the economy. Exports to Mexico totaled 22 percent of total export value. These shipments included forage seeds, \$6.1 million; vegetable seeds, \$13.4 million; corn seed, \$24.8 million; grain sorghum seed, \$16.0 million; and soybean seed, \$10.3 million.

Exports to Japan, the second largest market, increased 18 percent to \$40.8 million. Vegetable seeds led exports to Japan again last year, totaling \$22.9 million, an increase of 63 percent. Shipments of forage seeds and corn seed totaled \$9.2 million and \$4.5 million, respectively. Grain sorghum seed and soybean seed exports each totaled \$1.1 million for the marketing year.

Seed exports to the EC declined 24 percent to \$75.3 million for the marketing year which ended June 30, 1984. Vegetable seeds were the top item, valued at \$30.1 million, followed by corn seed (\$16.9 million) and forage seeds (\$14.4 million). U.S. grain sorghum seed exports to the EC declined 16 percent to \$1.7 million, and soybean seed exports dropped 70 percent to \$1.1 million.

COMMODITY PROGRAMS, FAS, USDA

FOREIGN AGRICULTURE CIRCULARS

USDA's Foreign Agricultural Service issues regular reports on the supply and demand situation for commodities around the world.

HOW TO ORDER: Check the title of each circular you wish to order. Remit a check for the total amount payable to the Foreign Agricultural Service. Only checks on U.S. banks, cashier's checks, or international money orders will be accepted in payment. NO REFUNDS CAN BE MADE.

Mail this form to: Foreign Agricultural Service
Information Division
Room 4644-South Building
U.S. Department of Agriculture
Washington, D.C. 20250
